Blavat Family Scholarship

One \$500 award will be given based on need, with preference given to applicants with minor children living at home and/or who are pursuing careers in geriatric nursing.

**Application must include a one page essay that's answers the following:
'Things I never knew about my parents/grandparents' or for those whose parents/grandparents are no longer living, essay may be 'Things I'd want my children to know about me.'**

This scholarship was created in memory of Helen and Walter Blavat by their daughters. It was only following their parents' deaths that they became aware of the sacrifices their parents made that enabled Helen to attend nursing school. The Blavats were longtime Shoreline residents. Walter was fully disabled and by his early 50's was unable to continue working. Helen began working as a nurse's aide in various nursing homes to help support the family. Liking the work, Helen enrolled into the SCC Nursing Program. She continued working in geriatric nursing throughout her career, well into her 60's.

Elizabeth R Thomas Alumni Nursing Scholarship

She continued her education at Seattle University and was the first African American to complete the Pediatric Nurse Practitioner program at the University of Washington School of Nursing and the first one to work as an ARNP in Seattle. Elizabeth was a pediatric nurse practitioner at Odessa Brown clinic for over 25 years before her retirement. Due to Elizabeth many contributions she has made in her practice and throughout the district and state nurses association, she was inducted into the WSNA Nurses Hall of Fame in 2000. Scholarship awards will be based on need, merit and commitment to serving diverse communities and recipient's potential in his/her nursing career.

Tammi O'Brien Shanks graduated from SCC's School of Nursing in 1996 and worked at Northwest Hospital as a surgical nurse for 12 years. In 2001 she was diagnosed with idiopathic pulmonary fibrosis. The hardest thing she ever had to do was to give up her nursing career due to her disability. She was patiently awaiting a lung transplant at the time of her death. This scholarship established in memory of Tammi by her family and friends in 2009 will assist students in the Nursing Program at SCC.

"How will I give back to my community with my nursing degree?"**

Vivian Wellman Batty graduated from Edison Nursing School in the early 1960's. She entered nursing school while she was in her early 40's and her graduation fulfilled a life-long dream to become a nurse and a service to others. Most of her nursing career was spent at the VA Hospital on Beacon Hill and it is there that she served many of the veterans from the Viet Nam War. She dutifully cared for all of her patients, but on occasion would bring one of her six children to visit some of the young vets, mostly to show appreciation for their service. Vivian was truly a quiet trailblazer for independence. She was strong and courageous and was absolutely dedicated to the nursing profession
