

### OFFICE HOURS of MATH PLACEMENT ADVISORS during Fall 2009

- \* Math placement is normally done via the COMPASS test. Students who transfer in a college math class may request an evaluation.
- \* More information is on page one of the flyer, the college web site ([www.shoreline.edu](http://www.shoreline.edu), search for "prerequisite checking") or ask an advisor.
- \* **After December 4**, please contact the Science Division in the 2800 building, or at 206 - 546 - 4567 to find out about advisor availability.
- \* This schedule is subject to change. You may also contact any Math Placement Advisor to make an appointment or talk by phone.
