

Spring Quarter 2009 - Math& 107-N1 Calendar

- Due dates for items due for Math& 107-N1 are listed in our Bb classroom.
- This calendar is a "graphic" or "visual" of the same due dates. With the exception of items due during Week 1, items are listed on the dates they're due. For Week 1, we want you to click on the "Getting Started" button and then follow the recommendations there to find what's due during Week 1, and when those items are due :)!
- Note that when it says in Bb that an item is due "by the end of the day" a certain day, the item is due by midnight Seattle time on that day. That midnight arrives five minutes after 11:55 p.m. that evening, that day.

30 Click on the "How to get started" button , go to Week 1 in Week by Week to find Day 1 and Week 1 due dates	31	1 APRIL The MLC - Mathematics Learning Center - opens today. Enter the MLC at Room 2202.	2 Print and post this Calendar if you haven't, yet! Start work on Quiz 1 if you haven't, yet.	3 Note that the course Syllabus is posted today. Review the Syllabus carefully.
6 Quiz 1 Discussion 1	7	8	9	10
