

ENGINEERING ASSOCIATE IN SCIENCE - TRANSFER (AS-T) – TRACK 2

2009-2010

The AS-T degree requires a minimum of **90 quarter credits** in courses numbered 100 or above and a cumulative GPA of 2.0 or higher. It transfers as part of the AS-Transfer agreement to all WA State public universities as well as several private colleges. If students take the appropriate program specific courses, they will be able to enter junior level courses of their chosen major and complete their Bachelors in two additional years. Students will take additional General Education courses to fulfill requirements of their baccalaureate college/university. See reverse side for a complete listing of courses that fulfill general education and distribution requirements.
