**Major Related program**

2009-2010

The AA-DTA, known as the direct transfer degree, is an agreement between Washington State community colleges and baccalaureate institutions. The AA-DTA transfers as a package to most baccalaureate colleges and universities in Washington, satisfying most, if not all, of the lower division general education requirements and granting junior standing; it does not guarantee admissions. The AA-DTA requires 90 quarter credits in college-level courses numbered 100 or above with a cumulative GPA of 2.0 or higher. In addition, the AA-DTA in Business is a Major Related Program that identifies specific courses within the degree guidelines to prepare for admission to baccalaureate business programs. Typically, the admission GPA for Business programs is much higher than the 2.0 required for this degree. Check admissions requirements for each transfer institution.
