**PROGRAM DESCRIPTION**

Students learn the essentials of drawing blood, the role of the phlebotomist, safety and infection control, blood collection equipment, specimen processing, simple “waived testing,” and practice with equipment on classmates. Upon successful completion of didactic and student lab practice, students can register for a practicum work experience.

**PROGRAM OUTCOMES**

Students are prepared to work after completing the program.

**CAREER OPPORTUNITIES**

Job prospects in the Puget Sound area are excellent, as we have a shortage of phlebotomists in the area. Salaries typically range from \$10 to \$14 per hour.

**POTENTIAL POSITIONS INCLUDE**

Phlebotomists typically find work at clinics, blood banks, doctor’s offices, hospitals, medical laboratories, and research laboratories.

**PROGRAM PREREQUISITES**

ENGL 100. Recommend ESLAB 047 and ESL 100 for non-native speakers.
