

2009-2010

**MECHANICAL, CIVIL, AERONAUTICAL, INDUSTRIAL,
MATERIALS SCIENCE ENGINEERING
ASSOCIATE IN SCIENCE – TRANSFER (AS-T) – TRACK 2
Major Related Program**

This degree is part of the Washington State Associate in Science-Transfer Agreement. It requires a minimum from **107.5 to 112.5** quarter credits in specific course requirements as described below and a cumulative GPA of 2.0 or higher. Students granted the degree are normally awarded junior status for general college/university purposes and in most cases will be able to enter junior level courses of their chosen major, which will allow them to complete their Bachelors in two additional years of full-time study. Students will be required to take additional General Education courses to fulfill requirements of their baccalaureate college/university. **See reverse side for a complete listing of courses that fulfill general education and distribution requirements.**

I. GENERAL EDUCATION CORE REQUIREMENTS—18-20 Cr

Courses used in Gen Ed core may not be used for Distribution.

ENGR& 224 (Thermodynamics) (Spr)			5
MATH& 264 (Calculus 4) (Spr)			5

*Courses transferred in from other schools may carry fewer credits per course. If those courses are evaluated as equivalent to SCC courses, these requirements may be met with fewer credits. A student must have a minimum of 90 college credits to earn an Associates degree.

Students transferring to U of W must meet high school core admissions requirements, including two years of the same world language in high school or two quarters in college. The third year/quarter of a language is a graduation requirement for students in the College of Arts & Sciences at U of W.

It is strongly recommended that students complete an entire sequence of science courses at one institution.

The following is a list of classes which satisfy Shoreline's 2009-2010 AS-T General Education and Distribution requirements. Credits for a specific course may be used only once, i.e. may not be applied toward more than one distribution. **To graduate from SCC, complete a graduation application and return it to the Credential Evaluator or the Information Desk, which are both located in the FOSS Bldg – (5000 Bldg 2nd Floor) no later than the quarter before you plan to graduate.**

Course numbers for many courses at SCC have changed effective Summer 2008. Courses with an "&" are Common Course Numbers and will be consistent across WA State Community Colleges.

Courses listed as meeting Humanities and Social Science distribution areas can only be used to satisfy one distribution area, not both.

NOTICE: Planning guides are intended to guide students toward completing degree requirements. They are not intended to communicate admissions requirements of 4-year institutions. Students are strongly advised to consult with an advisor and the catalog of the 4-year institution to which they plan to transfer. Other conditions & restrictions may also apply
