**When and where is camp?**  
June/July 2015 on the Shoreline Community College campus  
9 am until 4 pm – Monday through Friday  
Only 24 spots per camp available on a first come, first served basis!

**What does it cost?**  
$425 per student per camp  
A limited number of financial need-based scholarships are available.

**How does one apply?**  
Online applications available on the Shoreline CC web site.  
http://www.shoreline.edu/project-biotech

The camp program has been designed and will be taught by experienced educators from Shoreline Community College’s Biotechnology Program and scientists/educators from the Seattle biotechnology and research community. We encourage biotech companies and research institutions to become partners by providing camp scholarships and career role models through employee participation.

Providing high school students with hands-on science activities, face time with scientists, exposure to potential careers, and a glimpse of community college life can have a lasting, positive impression.
