Dean Gillian Lewis introduced Dental Hygiene Professors Rosie Bellert and Tricia Noreus and distributed and provided an overview of a document entitled *Dental Hygiene Program at Shoreline Community College* including information of how the Program meets the College's Five Core Themes.

Dean Lewis stated that the Faculty Members are always accessible to the students and that the Program's completion rate is very high. In addition, she spoke of the 5-1 Student – Faculty Clinic ratio (a Program accreditation requirement) that contributes to the success of the Program and its students and graduates.

In response to questions from the Trustees, Dean Lewis, Professor Bellert and/or Professor Noreus communicated that:

- There is no wait list and those who are not admitted either attend other schools or reapply for admittance to another year's cohort.
- Starting wages for Dental Hygienists is approximately \$42.00 per hour.

REPORT: NWCCU COMPREHENSIVE EVALUATION ("SITE VISIT") (OCTOBER 3-5, 2012)

Dean Norma Goldstein distributed and provided an overview of two documents: *Draft Shoreline Community College CC Comprehensive Peer Evaluation & Visit – October 16-19, 2012* and *SCC Accreditation Timeline*.

Dean Goldstein went over the six Commendations and the six Recommendations from the Evaluation Team and spoke of the primary Accreditation related activities for the College to undertake in November and December of 2012. She added, "Recommendations need to be addressed in addition to the "new" 2013 Year One Report." Dean Goldstein noted that many other colleges receive similar Recommendations as the ones Shoreline Community College received.

Chair Barrett wondered if Recommendation #3 related to the Board of Trustees and the approval of operational policies was in conflict with the Board's Policy Governance model. As the Co-Chair of the College Council, Professor Kinsel spoke of the work at the College Council in regard to the reviewing and updating of the College's operational policies and added that she would be happy to update the Board on the work of the College Council as it relates to operational policies.

Trustee Liaw thanked Dean Goldstein for her work on the Accreditation Report as well as preparing the campus for the Evaluation Team's visit in early October.

REPORT: AUDIT PROCESSES

Director of Financial Services Stuart Trippel distributed and provided an overview of a document entitled *Presentation to the Board of Trustees Regarding Audits*:

- The College is subject to different types of audits
- There is a difference between a Financial Audit and an Accountability Audit.
- The Financial Audit is not done at the College level. "The State Auditor's Office now audits the Community and Technical College System as a whole."
- The College is involved in Accountability Audits where financial data is reviewed but the focus is not to determine if the balances are accurate.

Referring to Recommendation #4 from the Evaluation Team related to the Board of Trustees considering the results from college audits, Director Trippel reiterated Dean Goldstein's sentiments in that "We're not the only college that is dealing with this issue." He added that the State Board can assist by writing an explanatory letter regarding how the State Auditor's Office audits the system as a whole.

As reliance on funding moves from the state to the local level, both Director Trippel and Chair Barrett spoke in favor of the College moving toward independent audits—as utilized by private colleges and non-profit organizations.
