RAY W. HOWARD LIBRARY/TECHNOLOGY CENTER

This year, the Library/Technology Center building will experience a complete renovation. More than \$7 million will be used to create a state-of-the-art building housing the library and media collections and associated services, a 100+ seat open computer lab, a digital teaching classroom, and a television/ITV classroom. The building's renovation is scheduled for completion by the end of the Spring Quarter of 2002. New equipment, furnishings and study areas will provide students with a building specifically designed for research and learning in the 21st century.

During the renovation the Library/Technology Center will continue to maintain its core collections and services. The Library/Technology Center features a web-based online catalog and a number of full text periodical and reference databases. Visit us at: <http://oscar.ctc.edu/library/>. Our web site provides you with most of the tools you will need to start your research and information investigation. Students, faculty, staff, and community members may borrow books, magazines, cds, and other media using our online catalog and interlibrary loan services. You will still be able to locate and check out books, magazines, videos, cds, audiocassettes, and other materials.

Materials will be stored off-site, however, which means that there can be no browsing in the collections. Its also means that you will have to request items for pick-up at the circulation desk at a later time. Deliveries of materials are made six times a day during the week and twice a day on the weekends. Plan ahead, and you should have success in getting the books needed for your research in a timely fashion. The media collections (cds and videos) will be on site and available for immediate use.

Expert staff is available to help you find additional references and materials. Due to the renovation, the LTC will also provide path-finders that will assist you in doing

research and obtaining materials at alternate sites such as other community colleges, public libraries, the University of Washington, etc. Your student identification card can be used to check out materials at any other community college library.

Because of the renovation, the Library is now located on the lower floor of the 5000 Building adjacent to the Bookstore and Testing Center. Media Services is located in the SUB (900 Building) next to the cafeteria. A general study area is located in a large room next to the cafeteria in the PUB, while two group study rooms are available adjacent to Media Services. The Open Computer Lab is located in Room 2514 with 60 P3-600s NT/Office 2000, Internet, four I-Macs with Office 98.

More information about the various services and collections may be obtained by calling (206) 546-4556 (library services) or (206) 546-4721 (media services).

Below you will find an annotated catalogue of the Shoreline Community College Policies that impact students. Complete policies are available upon request from the above resources.

Summary of Student Rights

FAIR GRADES: Students are protected by College policy through orderly procedures against arbitrary or capricious actions or decisions relating to academic evaluations by their instructors. (College Policy 5035 – Student Grievance Procedures – Academic Evaluation)

CONFIDENTIAL RECORDS: The confidentiality of student records is protected by College policy requiring guidelines which are in accordance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment) concerning the information that becomes a part of a student's permanent educational records and governing the conditions of its disclosure. (College Policy 5040 – Student Records)

FREEDOM FROM DISCRIMINATION: It is College policy that illegal discrimination, including sexual harassment of students and by students will not be tolerated. Sexual harassment is defined as unwelcome sexual advances; subtle pressure for sexual activity; unnecessary brushes or touches; offensive sexual graffiti; offensive, disparaging remarks about one's gender; physical aggression such as pinching, patting, or grabbing; sexual innuendoes made at inappropriate times; written communications with sexual overtones; verbal sexually abusive remarks disguised as humor; obscene gestures. (College Policy 4113 – Sexual Harassment) If you believe you have been discriminated against because of your race, ethnicity, gender, age, or marital status, please contact the SCCSBA Student Advocate, the Vice President of Student Services, or the Vice President of Human Resources.

ADVANCED PLACEMENT: Students may be placed in an advanced course of a sequence on the basis of their high school

achievement or test results. Credit may be granted for the course omitted. (College Policy 5160-Advanced Placement)

CREDIT BY EXAMINATION: Students currently enrolled at Shoreline may obtain credit for certain courses by satisfactorily passing comprehensive examinations, provided the student has never received college credit for the challenged course or for another course which assumes knowledge of the course being challenged. (College Policy 5161 – Credit by Examination)

OPEN EXCHANGE OF IDEAS: Any student or student organization, through the distribution of materials, presentation of media, or posting of signs may exercise on College property the rights of free speech and free inquiry consistent with state and federal laws. Use of College poster or table space must be coordinated with the Student Programs Office, Room 952, PUB Building. (College Policy 5240 – Presentation of Media, Distribution of Materials and Posting of Signs)

FREEDOM OF SPEECH: Any recognized student organization, with the knowledge and approval of its advisor, may invite to the campus any speaker the group would like to hear. Although it is the advisor's responsibility through the inviting group to insure the educational relevance of such programs, all such speakers have complete discretion in the content and manner of their presentation, subject to restraints imposed by federal and/or state constitutions and statutes. Moreover, the appearance of an invited speaker on campus does not involve an endorsement, either implicit or explicit, of his/her views by Shoreline Community College, its faculty, its administration or its Board of Trustees. (College Policy 5255 – Off Campus Student Invited Speakers)

FREEDOM TO READ: Student's freedom to read will not be prevented through the exclusion of Library materials because of controversial content, or through censorship of instructional materials due to partisan or doctrinal disapproval. (College Policy 5270 – Students Freedom to Read)

SUBSTANCE ABUSE AND SEXUALLY TRANSMITTED DISEASES: All students of the College shall have access to a readily available program for the prevention of and education about substance abuse and the prevention of and education about sexually transmitted diseases. (College Policy 5328-Substance Abuse and Sexually Transmitted Diseases)

USE OF HUMAN SUBJECTS: It is the policy of the Board of Trustees regarding the use of

human subjects to protect the rights, well-being, and personal privacy of individuals, to assure a favorable climate for the acquisition of technical skills and the conduct of academic inquiry, and to protect the interest of Shoreline Community College. Before involvement as a human subject, a student must give informed consent. (College Policy 5329 – Use of Human Subjects)

APPEARANCE AND DRESS: Educational opportunities at the College may not be granted or denied on the basis of standards of personal appearance unless a student's appearance disrupts the educational process or constitutes a threat to safety. (College Policy 5215 – Appearance and Dress)

Summary of Student Responsibilities

STUDENT CONDUCT: Admission to the College carries with it the expectation that the students will conduct themselves as responsible members of the academic community. This includes the expectation that students will obey the law; comply with the rules and regulations of the College; maintain high standards of integrity and honesty; respect the rights, privileges and property of other members of the College community; and will not interfere with legitimate College operations.

Students will assume responsibility for their own conduct. Sanctions for violations of College rules and regulations or for conduct which interferes with legitimate College affairs will be dealt with by the College. In the case of student conduct which involves an alleged or proven violation of criminal law, the disciplinary authority of the College will not be used to duplicate the function of civil authority.

Sanctions, up to and including expulsion from the College, may be imposed for failure to satisfy the expectations stated above or for misconduct of the kinds indicated. These sanctions will determine whether, and under what conditions, the violator may continue at the College. (College Policy 5030 – Student Conduct and Discipline)

ALCOHOLIC BEVERAGES: The unlawful possession or use of alcoholic beverages on College property or on property under the supervision and control of the College is prohibited, and students violating this regulation may be subject to disciplinary action. (College Policy 5325 – Alcoholic Beverages)

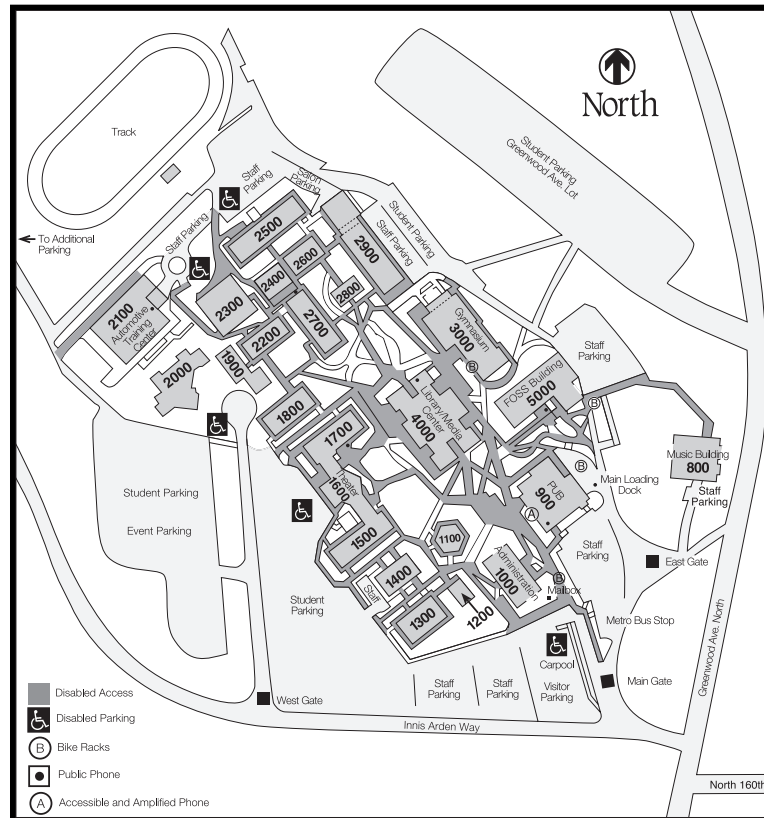

DRUGS: Students possessing, manufacturing, selling, using or causing someone else to use unlawful drugs on College property or on property under supervision and control of the College may be subject to disciplinary action. (College Policy 5326 – Drugs)
