(Use of College Facilities)**

Background

The College is proposing the repeal of Chapter 132G-136 WAC and the creation of Chapter 132G-137 WAC to provide updated and clarifying language regarding the use of facilities at Shoreline Community College. The updated code incorporates new model language that implements best practices for the smooth operation of Shoreline Community College's buildings and grounds in support of our primary mission as an educational facility. The updated language found in Chapter 132G-137 also specifically identifies and provides direction for a variety of potential requests related to the use of college facilities.

As part of the rule revision process, the proposal to repeal Chapter 132G-136 WAC and create Chapter 132G-137 has been reviewed by the College Council, the Faculty Senate Council, and the Executive Team for recommendation to present to the Board of Trustees. The proposal to repeal Chapter 132G-136 WAC and replace with Chapter 132G-137 WAC was also shared with the campus (via notice in Day-At-A-Glance and by employee list serves), the students (by inclusion in the online student guide to campus), and posted on the policies website for the general public to solicit feedback on this proposed action. In addition, the College held a public hearing for comments related to the proposed repeal on October 4, 2018 and a summary of the rule making process is attached for your review.

SHORELINE COMMUNITY COLLEGE RULEMAKING SUMMARY

Proposed Rules Under Consideration: Repeal of Chapter 132G-136 WAC (Use of College Facilities) and creation of updated language under Chapter 132G-137 WAC (Use of College Facilities)

Authority: RCW 34.05.325 requires state agencies and institutions to provide for oral and written comments in response to proposed rules and to provide a summary of those comments to the Board of Trustees.

The proposed repeal of Chapter 132G-136 WAC and the creation of Chapter 132G-137 has been reviewed by the Executive Team, the College Council, and the Faculty Senate Council with recommended changes as approved by the President incorporated. In addition, it has been shared with the campus (via notice in Day-At-A-Glance, and by employee list serves), the students (by inclusion in the online student guide to campus), and posted to the policies website for the general public.

The College held a rulemaking hearing on October 4, 2018, and received 2 oral comments and no written comments.

Summary: The purpose of this rulemaking hearing was to solicit comment on changes relating to the Use of College Facilities Code. The proposed revisions would:

- (1) Provide updated and clarifying language regarding the Use of College Facilities at Shoreline Community College.
- (2) Incorporate new model language that implements best practices for the smooth operation of Shoreline Community College's buildings and grounds in support of our primary mission as an educational facility.

Proposed Action	Comment	Response	Change
Repeal of Chapter 132G-136-030 WAC and creation of Chapter 132G-137-050 WAC regarding "Trespass"	It states that a person would advised of a violation before being asked to leave the property. If they are physical or stalking does that mean that they would get a warning first and then get to stay? It seems like in more severe situations, they should be removed immediately.	The rule language is aimed at providing sufficient due process so trespass orders issued by the College will withstand a legal challenge. In situations where immediate removal is required, police assistance will be used.	No change.
Creation of Chapter 132G-137-070 regarding "Control of Pets in College Facilities"	It says that animals except for service animals are prohibited from entering buildings. There are people on campus that have emotional support or therapy animals, is that addressed somewhere else?	132G-137-070 provides the ability for non-service animals to enter buildings by the express written permission of the President or designee. Emotional support animals do not have the same protection as service animals under the ADA and the Washington Law Against Discrimination. The Colleges disability accommodation policies can apply to disability-related needs for accommodations.	No change.

REPEALER

The following chapter of the Washington Administrative Code is repealed:

WAC 132G-136-010	Rental of college facilities.
WAC 132G-136-020	Authorization for use of facilities.
WAC 132G-136-030	Trespass regulations.
WAC 132G-136-040	Collections.

SHORELINE COMMUNITY COLLEGE RULEMAKING SUMMARY

Proposed Rules Under Consideration: Creation of Chapter 132G-142 WAC (Use of College Facilities for Expressive Activities).

Authority: RCW 34.05.325 requires state agencies and institutions to provide for oral and written comments in response to proposed rules and to provide a summary of those comments to the Board of Trustees.

The creation of Chapter 132G-142 has been reviewed by the Executive Team, the College Council, and the Faculty Senate Council and recommended as attached by the President. In addition, it has been shared with the campus (via notice in Day-At-A-Glance, and by employee list serves), the students (by inclusion in the online student guide to campus), and posted to the policies website for the general public.

The College held a rulemaking hearing on October 4, 2018, and received 2 oral comments and 4 written comments.

Summary: The purpose of this rulemaking hearing was to solicit comment the creation of language relating to the Use of College Facilities for Expressive Activities Code. The proposed language would:

- (1) Provide updated and clarifying language regarding the Use of College Facilities for Expressive Activities at Shoreline Community College.
- (2) Incorporate new model language that implements best practices regarding the time, manner, and place restrictions for expressive activities covered under First Amendment rights.
- (3) Create language which helps to ensure there are protections in place to eliminate disruption from expressive activities to the educational process at Shoreline Community College.

Proposed Action	Comment	Response	Change
Creation of Chapter 132G-142 relating to “expressive activities”	Our College needs to implement a rule restricting hate speech, and specifically restricting hate speech which targets members of historically underrepresented groups.	This rule must comply with constitutional requirements. Many viewpoints that some people may consider “hate speech” can be highly protected free speech. Implementing a rule restricting “hate speech” would require the College to judge the viewpoints being expressed which creates a high risk violating first amendment rights.	No change.

Chapter 132G-142-030 (2) relating to “interference with educational activities”	How would this rule be applied in the case that students, faculty, or staff organized a sit-in?	Groups, including college groups, may use the limited public forums identified in Chapter 132G-142-020 WAC for expressive activities subject to the regulations identified in Chapter 132G-142-030 WAC. The individual facts of each situation will determine how the rule would be applied.	No change.
Chapter 132G-142-030 (7) relating to “camping”	How would this rule be applied in the case that students, faculty, or staff organized a sit-in?	Under Chapter 132G-142-030(7) WAC, camping is prohibited unless expressly permitted by the President or designee.	No change.
Chapter 132G-142-040 (4) relating to “non-college groups”	Why does this section reference first amendment activities, and not “expressive activities”?	First amendment activities are interchangeable with the defined term of “expressive activities” found in Chapter 132G-142-010 (3) WAC.	No change.
Chapter 132G-142-010 relating to the “statement of purpose”	How will it be determined if the expressive activities limits, interferes with or otherwise disrupts the normal activities of the College. For example, if the comments or expression target certain groups based on gender, race, ethnicity, sexual orientation, religion, etc how is impact determined and what are the next steps taken?	Comments or expressions targeting certain groups is usually considered protected speech under the First Amendment as long as there is no imminent threat of harm being made. Disruption to the normal activities of the College would be defined based on the impact of the expressive activities to surrounding classrooms or other areas of official College business. The individual facts of each situation will be considered when applying the rules.	No change.
Chapter 132G-142-030 (3) relating to “sound amplification”	How do we quantify the level of volume which would be considered disruptive? Is Security responsible for determining if it is a disruption? Is there a metric or rubric?	The President or designee would be responsible for determining if expressive activities are disrupting normal College activities. Disruption would be defined based on the impact of the expressive activities to surrounding classrooms or other areas of official College business. An exact measurement of volume is not required. The individual facts in each situation will be considered to determine if there a disruption or that a disruption will be likely.	No change.

132G-142-020

Shoreline Community College is an educational institution provided and maintained by the people of the state of Washington. College facilities are reserved primarily for educational use including, but not limited to, instruction, research, public assembly of college groups, student activities, and other activities directly related to the educational mission of the college. The public character of the college does not grant to individuals the right to an unlimited range to engage in activities which limits, interferes with, or otherwise disrupts the normal activities to which the college's facilities and grounds are dedicated. Accordingly, the college designates the common grounds and outdoor areas of the college as a limited public forum subject to the time, place, and manner limitations and restrictions set forth in this policy.

The purpose of the time, place, and manner regulations set forth in this policy is to establish procedures and reasonable controls for the use of college facilities for both college and non-college groups. It is intended to balance the college's responsibility to fulfill its mission as a state educational institutions of Washington with the interests of college groups and non-college groups who are seeking to use the campus for purposes of expressive activity. The college recognizes that college groups should be accorded the opportunity to utilize the facilities and grounds of the college to the fullest extent possible. The college campus is open to non-college groups to the extent that the usage does not conflict with the rights of college groups or substantially disrupt the educational process. The college has designated certain facilities as public use areas to non-college groups as set forth herein.

132G-142-030

Use of facilities.

(1) Subject to the regulations and requirements of this rule, groups may use the campus limited forums for expressive activities between the hours of 7:00 a.m. and 10:00 p.m.

(2) The activity must not substantially or materially interfere with educational activities inside or outside any college building or otherwise prevent the college from fulfilling its mission and achieving its primary purpose of providing an education to its students. The activity must not substantially infringe on the rights and privileges of college students, employees, or invitees to the college.

(3) Any sound amplification may only be at a volume which does not disrupt or disturb the normal use of classrooms, offices, laboratories, or any previously scheduled college activity.

(4) Groups are encouraged to notify the safety and security department no later than twenty-four hours in advance of an activity. However, unscheduled activities are permitted so long as the activity does not materially disrupt any other function occurring at the college.

(5) All sites used for expressive activities shall be cleaned up and left in their original condition by the participants or group, and will be subject to inspection by a representative of the college after the activity. Reasonable charges may be assessed against the sponsoring organization or individuals for the costs of extraordinary cleanup or for the repair of damaged property.

(6) All fire, safety, sanitation or special regulations specified for activities under this rule are to be obeyed. The college cannot and will not provide utility connections or hook-ups for the purposes of expressive activity conducted pursuant to this rule.

(7) There shall be no camping on college facilities or grounds between the hours of 10:00 p.m. and 5:00 a.m. without express permission of the president or designee. Camping is defined to include sleeping, carrying on cooking activities, storing personal belongings for personal habitation, or the erection of tents or other shelters or structures used for purposes of personal habitation.

(8) The activity must not be conducted in such a manner as to obstruct vehicular, bicycle, pedestrian, or other traffic, or otherwise interfere with ingress or egress to the college, college buildings or facilities, or college activities. The activity must not create safety hazards or pose unreasonable safety risks to college students, employees, or invitees to the college.

(9) College facilities may not be used for commercial sales, solicitations, advertising or promotional activities, unless:

(a) Such activities serve educational purposes of the college; and

(b) Such activities are under the sponsorship of a college department, office, or officially chartered student club.

(10) The activity must be conducted in accordance with any other applicable college policies and rules, regulations, local ordinances, and state or federal laws.

132G-142-040

Additional requirements for non-college groups.

(1) College facilities may be rented by non-college groups in accordance with the college's facilities use policy. When renting college facilities, an individual or organization may be required to post a bond or obtain insurance to protect the college against cost or other liability in accordance with the college's facility use policy. When the college grants permission to use its facilities it is with the express understanding and condition that the individual or organization assumes full responsibility for any loss or damage. Non-college groups may otherwise use college facilities for expressive activity as identified in this rule.

(2) The college designates its common grounds and outdoor spaces as the sole limited public forum area(s) for use by non-college groups for expressive activities on campus. The public use areas may be scheduled. Scheduled groups have priority of use over unscheduled groups. Distribution of materials.

Information may be distributed as long as it is not obscene or does not promote the imminent prospect of actual violence or harm. The distributor is encouraged, but not required, to include its name and address on the distributed information. College groups may post information on bulletin

boards, kiosks, and other display areas designated for that purpose, following the relevant college procedure, and may distribute materials throughout the open areas of campus. Non-college groups may distribute materials only on the grounds and outside spaces of the campus.

132G-142-060

Trespass.

- (1) Non-college groups who violate these rules, any provision of the conduct code, or whose conduct jeopardizes the health or safety of others, will be advised of the specific nature of the violation, and if they persist in the violation, will be requested by the campus president or designee to leave the property. Such a request will be deemed to withdraw the license or privilege to enter onto or remain upon any portion of the college facilities of the person or group of persons requested to leave, and subject such individuals to arrest under the criminal trespass provisions of 9A.52 RCW or municipal ordinance.
- (2) Members of the college community (students, faculty and staff) who do not comply with these regulations will be reported to the appropriate college office for action in accordance with established college policies.
- (3) When the college revokes the license or privilege of any person or group to be on college property, temporarily or for a stated period of time, that person may file a request for review of the decision with the president or their designee within 10 days of receipt of the trespass notice.
