

Policy Name:	Policy on Policies
Policy Number:	1014
Applicable Code/Law:	RCW 34.05.010(16); WAC 1-21-027

Policy:

The policy of Shoreline Community College District Number Seven (7) is to provide a schedule and process for the review of new and existing College policies through authority delegated by the Board of Trustees to the College President. College policies describe the expectations and decision-making processes that hold our campus accountable to the governance structure in place.

Campus input regarding policy updates is obtained through an assigned representational council composed of representatives from each campus constituency before a policy update can be recommended for approval. Policy updates must also be vetted through an equity analysis process for recommendations to be considered in the approval process.
