Policy:

The policy of Shoreline Community College District Number Seven (7) is to monitor and preserve our wooded areas to the maximum extent possible. With the three (3) E's of sustainability as a guide (Ecological Integrity, Economic Viability, and Social Equity), the College shall minimize development of any wooded areas.

Where possible, and within reasonable resource use, the College will work to restore native plantings, minimize the spread of invasive species, and consider habitat, tree canopy, and water shed impact on decisions related to land use.

When development requires the construction of boundary sidewalks, bike paths, or other alterations, the College will work to minimize the impact on the wooded areas.
