

Verification – V1 Worksheet

Dependent Student

Federal Student Aid Programs: Your application was selected for review in a process called “Verification.” In this process, the Financial Aid Office compares information from your FAFSA application with your and your parent contributor(s) financial documents. We are required to review your FAFSA information under financial aid program rules (34 CFR, Part 668). The law says we have the right to ask you for this information before awarding federal aid. If there are differences between your application information and your financial documents, corrections to your FAFSA may be required.
