

Spanish for Medical Careers

Effective communication is critical in healthcare. This course equips you with the Spanish language skills needed to:

- ✓ Take patient histories
- ✓ Explain diagnoses and procedures
- ✓ Give instructions for medication and follow-up care
- ✓ Provide compassionate, culturally competent care
- ✓ Asynchronous online course that you take at home at your own convenient time, under the direction of the instructor.

Whether you are a healthcare professional or a student preparing for a health-care career, this class will help you connect with Spanish-speaking patients with confidence. The non-credit class has optional quizzes and no previous Spanish courses required. Can be taken for 5 college credits so contact Enrollment Services to register.
