

EDUCATIONAL PARTNERS NEWSLETTER 2012 FALL EDITION

Dear Educational Partners,

Thank you for working with us to promote Shoreline Community College to your students! Fall 2012 has been a very busy but successful quarter for all of us. Thanks to partners like you, we now serve over 680 international students from 35 countries.

We are also proud to say that our students have been very successful, transferring to universities like Purdue, UCLA and the University of Washington. This past year, Shoreline graduates had one of the highest acceptance rate to the University of Washington out of all the two-year colleges in Washington state.

As the fall quarter is close to the end, we would like to share some of our accomplishments with you:

- We had **250** new students at the International Student Orientation Program in September.
- Overall new student enrollment for Fall 2012 was up **51%**.
- Students referred through our partners were up **63%**.

Congratulations on your hard work! We cannot thank you enough for what you have done in helping students and parents understand our college and programs.

In order to work more closely and communicate more effectively with you, we have developed the quarterly Educational Partners Newsletter. It includes updates of academic programs, stories of students success, and information about our partnership.

Thank you very much, and we look forward to working closely with you in 2013!

We no longer need invoice from partners. Instead, we require each partner to fill the Wire Transfer Verification Form. We will make the payment according to the information you provide on the form. The commission payment processing always begins on the 35th day of each quarter.

Fall 2012 Transfer Fair

Over 90 universities and colleges from all over the U.S. were here at Shoreline for the Fall 2012 Transfer Fair in October! We had University of Washington, UC Berkeley, UC Davis, Arizona State University, State University of New York Buffalo and many others.

The Transfer Fair provided a wonderful opportunity for our international students to meet and speak with a representative from the school they are interested in transferring to. Students got to ask questions about admissions, different majors, and campus life.

Shoreline Student Life

We believe the best learning not only happens in the classroom but also outside the classroom. We have over 50 student clubs on the campus. We strongly encourage our international students to participate in student organizations and community services. One of the main goals of attending various student activities is to help students get to know themselves, meet with new people and learn about American culture. Engaging in classes and activities helps students gain new skills and knowledge, get to know themselves better, meet new people, and learn about American culture.

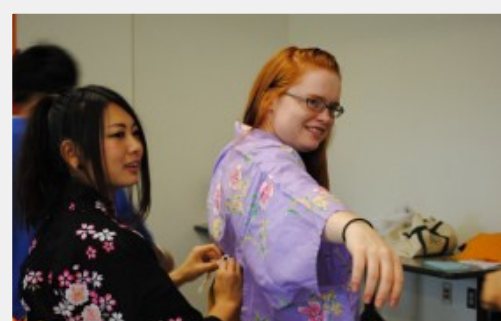

We are in Halloween Costumes!
