

## **International Resource Directory - Questionnaire**

The International Programs Advisory Committee (IPAC) is creating a Directory of international expertise for the benefit of the campus community. The Directory will serve as a resource of faculty and staff who have knowledge of world languages, cultures and/or international topics AND who would like to share that knowledge with the campus community (on a special request basis). The goal of this questionnaire is to collect data for the Directory. Please share your skills and knowledge with the campus community!

**Return completed forms to Colleen Cooper, International Programs, by October 15.**
