

Virtual Campus Initiative

OUR GOAL

The Virtual Campus aspires to improve the entire student experience, from pre-enrollment to post-enrollment, by leveraging virtual-delivery technologies.

OUR PURPOSE

The Virtual Campus is dedicated to empowering a wide range of learners to succeed by increasing access to high quality and innovative educational experiences, complemented by a full suite of support services, all offered at times and places most convenient to learners.

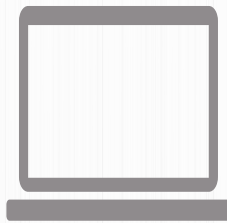

OUR PRINCIPLES

Student Success

Empower learners to succeed and persist by leveraging virtual technologies in ways that enhance the quality of educational experiences and services offered.

Access

Expand access to education, and everything our campus offers, by leveraging virtual-delivery formats in ways that provide greater flexibility and convenience for learners.

Sustainability

Provide cost-effective options for students while supporting a sustainable return on investment for the institution.

Innovation

Build a culture of innovation by exploring emerging pedagogies and practices that hold the promise of improving student success, educational access, and/or sustainability of the initiative by leveraging virtual-delivery formats.
