**2. Approval of minutes of October 2012 meeting**

Motion by Chief Caldwell, Second by Chief Olsen and approved by all.

**3. Presentation by Jim Hills, Special Assistant to the President; Communication and Marketing, regarding the marketing efforts of SCC concerning the expansion of the On-line Criminal Justice offerings and the targeting of nationwide students.**

No one from PIO or Distance Learning was able to make the meeting so Linda Forst provided the best update she could to the advisory committee as to the efforts being undertaken in the expansion of the online program and the marketing etc. A question was asked about the **tuition rate** for out of state students and research after the meeting indicates that at this time the students from out of state will in fact pay out of state tuition. In general discussion it was felt among the group that the program would be more successful with the more affordable in-state tuition especially if the program is to compete with other online programs successfully.

Resources such as Association of Washington Cities (AWC) as well as the corresponding counties was suggested as a resource to explore the issue of tuition reimbursement and also educational incentives around the state – if we need /want to research that down the road for program / marketing reasons.

The advisory committee was also invited and encouraged to post to our SCC Criminal Justice Facebook Page regarding any job opportunities, testing, training or volunteer needs in addition to contacting Linda Forst reference needs and opportunities for our students. This was explained as a great way to share information with students who have already graduated from our program.

- **Face Book Page / Web Page / key words / “like” / WASPC – tuition reimbursement throughout the state and / or educational incentives throughout WA**

- **Criminal Justice On-line expansion status; classes and instructors**
