GM-ASEP ADVISORY COMMITTEE MEETING

September 17, 2009

Committee Chair Chuck Merritt

Current Sponsoring Dealer Managers

Instructor Scott Main

Scott gave an update on Current classes and challenges that may be coming. Current members discussed the challenges and said to continue with both cycles. There will always be a need for more qualified technicians and now is a good time to train them.

Current books were presented and meet the GMASEP model and training need.

The use of ACDelco shops is supported by the area GM dealers.

Equipment used for in class support is still up to date and in training order. Scott indicated that he can always use updated transmissions and power steering parts. He will pick them up if necessary.

Advisory committee stated that they are still very pleased with the type of technician that Scott's program produces.

Meeting adjourned
