10. Instructional Staff
11. Workbased Learning

Advisory members participated in the Self-Evaluation process for the Automotive Service Excellence Education Foundation initial certification for the GST/AST program. Eleven standards were rated at level 4 or 5 (out of a possible 5). Mark Hankins can now complete the application process to certify the program.

This certification is essential to maintain our industry partnerships with Nissan and Subaru. The certification brings donations to the program in the form of late model vehicles, testing equipment, tools, and access to manufacturer curriculum and service information.

Meeting adjourned at 1:30 p.m. by Chairwoman Kristina Kelley
