Toyota T-TEN Certification Update – Matt Spitzer

The Toyota assessment team visited in July and presented their findings to VP Jansen and Dean Hoyne. The Program requirements were presented. Toyota asked for a decision as to whether Shoreline would meet the new standards and requirements. Shoreline requested 90 days to review the requirements. It has been approximately 60 days since that time. Once Shoreline agrees to meet the new requirements, then a timeline would be put together and a plan on how to meet those requirements. Randy Jager asked who at Shoreline should be making that decision. Kevin Nelson asked why that decision has not been made and Michael Obrien asked who he needed to call. Michael Obrien left the meeting to call interim President Daryl Campbell. He did not return to the meeting.

Approval of Previous Minutes

A motion was made to approve the minutes from April 23, 2013 by Russ McDuffie and a second was made by Kevin Nelson, minutes were approved with unanimous vote.

There was no more new business.

Meeting was adjourned at 1:00 p.m.
